DAY 5 At Sea

All Meals Onboard

Crossing the Drake Passage Southbound

Set sail towards Antarctica and **Cross the Reputed Roughest Sea-passage in the World**, named in the honor of Sir Francis Drake, the great 16th century British explorer.

(Our days in the Drake Passage will be put to good use preparing for our arrival in Antarctica - your Expedition Leader will brief you comprehensively on how to stay safe and minimise your impact on this precious wilderness, as well as briefing you thoroughly on our plans for our time spent exploring, as well as sharing tailored lectures on Antarctic exploration history, wildlife, geology, glaciology and more!)

DAY 6 At Sea

All Meals Onboard

Cross into the **Antarctica Convergence**, the environment changes noticeably. Keep your camera ready as this is the time to watch for the first icebergs and the first sight of **Antarctic Land**. Weather permitting, we may be able to make landfall in the South Shetland Islands, sail in ice-filled bays, while enjoying the company of seabirds, penguins, seals and whales. Taking advantage of the endless Antarctic daylight, exploration will continue well into the evening.

DAY 7 - 12 The Antarctica Peninsula

All Meals Onboard

Antarctica Adventure Awaits

Example of the sightseeing :
 Marvel at the massive icebergs and vast glaciers on a Zodiac cruise in **Paradise Bay**. Be moved by **Penguins** tenderly caring for their precious eggs, and fiercely defending their nests on **Cuerverville Island (64°S 40')**. Watch cataracts of ice tumble into clear blue ocean on a hike over the active glaciers of **Neko Harbour**. Experience the Antarctica of old at historic huts such as **Damoy Point**, lovingly restored and open to all.

Feel the spray of water from the blow of a humpback whale on a **Zodiac Safari in Wilhelmina Bay**. Wonder at awe-inspiring scenery on a ship cruise through the **Lemaire Channel**. Watch city-sized tabular icebergs drift silently past the ship in the **Antarctic Sound**. Wherever we go on the Antarctic Peninsula, endemic wildlife, tantalising history and breathtaking natural beauty abound. We aim to cross **The Antarctic Circle at 66 Degrees South** and weather permitting, hope to do an activity there.

As we are at the mercy of nature at the end of the world, these above are examples of what we hope to see. We hope to do as many activities as we can when the weather permits. No matter what the weather entails, we will have a great time marveling at the beauty of Antarctica.

This time of year, expect to see **Antarctica Penguins** carefully tending their fluffy chicks, while their partners frantically hunt for food at sea. As the snow melts, opportunities for hiking onshore increase. **Antarctic Fur Seals** start to arrive in their summer feeding grounds, and **Humpback Whale** numbers increase as more of these gentle giants arrive at the end of their long migration. With luck, we may even see the young of these gentle giants.
