 Eiffel Tower, Paris

Built by Gustave Eiffel for the 1889 Exposition Universelle, to celebrate the 100th year anniversary of the French Revolution. The construction took 2 years, 2 months and 5 days to complete, and was established as a veritable technical feat. As France's symbol in the world and the icon of Paris, the monument welcomes almost 7 million visitors in a year which makes it the most visited monument that you have to pay for in the world.
